We appreciate your interest in becoming licensed to sell SNI products and are excited to tell you more. SNI works hard to ensure world-class service from start to finish for all current and future SNI policyholders. All potential agents must complete the following steps to become contracted with Sovereign Nations Insurance.

**Step 1. Complete a License application.**

**Step 2. Take and Pass the Licensing test.** The licensing test is 85 questions, and it must be completed in one sitting. Applicants should set aside about 4 - 6 hours to complete.
